# DW-MAX-II-16500

## 16 CHANNELS DIGITAL WATCHDOG DVR WITH 250 GB

---

This DW-MAX-II-16500 offers recording capability across 4, 8, 16 channels of video and up to 4 channels of audio. It allows live video and stored images to be of clearest, most precise resolution but sustain file sizes that are 30 to 50 percent smaller than conventional MPEG4 images resulting in more efficient use of storage.

This unit includes Programmable E-mail Event Notifications, One Touch Video Back Up, One Touch Reverse Playback and One Touch Emergency Recording. With an emphasis on simplicity and Performance, the MAX-II Series also includes an extremely robust CMS and Web Based Client/Multi User Access.

### Features

- Real time viewing and recording.
- 240fps 8ch Video/2ch audio
- MPEG 4 part 10 Compression (H.264)
- DVD-RW/USB Port
- Front Panel Jog Shuttle Control
- E-mail Event Notifications
- Secure Channel
- NTP (Network Time Server) available
- Watermark Images
- 8 sensor input, 1 sensor output
- Mouse Driven, IR remote control Menus

### Advanced Features

- One Touch Video back up
- One Touch reverse playback
- One Touch Emergency Recording
- Web based Client w/ Multi user access
- Simple & Free DDNS support
- Central Monitoring Software

### Remote Center Features

- Turbo Live View
- Remote DVR Configuration
- Remote DVR Event Search
- Book Mark Search
- Remote Back Up
- Back Up Player Built In
- Two Way Audio Communication

Technical Specifications	
Operation System	RTOS/ Windows CE
