

## XL-5800 8 CHANNELS MICROWAVE LINK 600 mW FOR 5.8 GHz

## **FEATURES:**

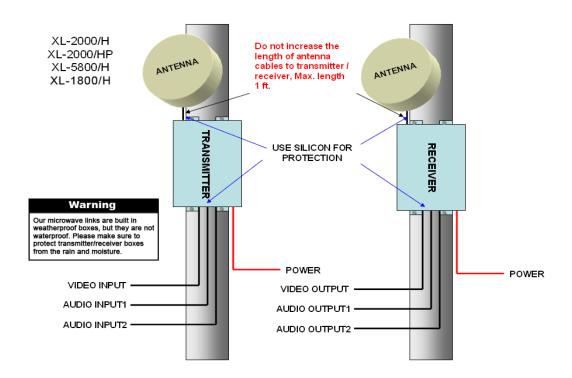

- ♦ 8 Selectable channels
- ♦ 600 mW
- ♦ 5.8 GHz Band
- ♦ Long range
- ♦ Portable 12 V battery operated
- ♦ Weatherproof
- ♦ Broadcast picture quality
- ♦ Range 7 km light-of -sight

XL-5800 is excellent low cost microwave link for 5.8 GHz. It comes with 600 mW transmitter with 8 channels, 8 channels receiver, 2 directional antennas PT-58; Capacity: 1 video/2 audio channels, receiver has built-in low noise amplifier for increased sensitivity. Operating frequency: synthesized. This link is Professional and it is recommended for TV production and Film. It is made for very long distances - up to 7 km line-of-sight. Frequency setting is internal. Both receiver and transmitter are built in weatherproof NEMA enclosures.

| <b>Technical Specifications</b> | XL-5800 Transmitter        |
|---------------------------------|----------------------------|
| Operating Frequency:            | 5700 MHz- 5890 MHz         |
| Channels:                       | 8                          |
| Channel selection:              | External                   |
| DC Voltage:                     | 12 V                       |
| RF output power:                | 600 mW / 50 ohms           |
| Minimum required voltage:       | 12 V                       |
| Battery power:                  | 12 V - 14.4 V              |
| Frequency stability:            | +-200 kHz/ h               |
| Video distortion:               | 3%                         |
| Maximum range:                  | 7 km                       |
| Video Format:                   | PAL, NTSC                  |
| Current Consumption:            | 1600 mA / 12 V             |
| Antenna:                        | Directional 15 dB included |
| Antenna Connector:              | SMA/N                      |
| Impedance:                      | 50 ohms                    |
| Video Connector:                | RCA Female                 |
| Video level:                    | 1 V                        |
| Video Impedance:                | 75 ohms                    |
| Audio frequency response:       | 30 Hz- 14 kHz              |
| Audio input:                    | 300 mV                     |
| Audio carrier frequencies:      | 6 MHz and 6.5 MHz          |
| Temperature Range:              | -40 +75* C                 |
| Dimensions:                     | 8" X 6" X 3.5"             |
| Weight:                         | 10 lb                      |
| Modulation:                     | WFM                        |

| <b>Technical Specifications</b> | XL-5800/H Receiver         |
|---------------------------------|----------------------------|
| Operating Frequency:            | 5700 MHz- 5890 MHz         |
| Channels:                       | 8                          |
| Channel selection:              | External                   |
| Current Consumption:            | 350 mA / 12 V              |
| DC Voltage:                     | 12 V                       |
| Sensitivity:                    | -92 dBm                    |
| Minimum required voltage:       | 12 V                       |
| Battery power:                  | 12 V -14.4 V               |
| Video distortion:               | 3%                         |
| IF frequency:                   | 479.5 MHz                  |
| IF bandwidth:                   | 18 MHz                     |
| Gain flatness:                  | 2.5 dB                     |
| Noise:                          | 2 dB                       |
| Image rejection:                | 40 dB                      |
| Antenna:                        | Directional 15 dB included |
| Antenna Connector:              | SMA/N                      |
| Impedance:                      | 50 ohms                    |
| Video Connector:                | RCA Female                 |
| Video Impedance:                | 75 ohms                    |
| Audio output:                   | 300 mV                     |
| Video level:                    | 1 V                        |
| Temperature Range:              | -40 +75* C                 |
| Dimensions:                     | 8" X 6" X 3.5"             |
| Weight:                         | 8 lb                       |
| Modulation:                     | WFM                        |
